How the Cards Would Respond: *Tell Me About Your Love Life...*

Every Major Arcana has a voice of its own — bold, witty, mysterious, or downright cheeky.

This week's question: **"Tell me about your love life."**

The Major Arcana never hold back — from sweet to sassy, here's what each card had to say when asked about their love life....

The Hopeless Romantics

- **The Lovers:** Complicated. Beautiful. Worth a Netflix series.
- **The Empress:** Overflowing, sensual, and full of beauty.
- **The Star:** Hopeful. Healing. Always looking to the horizon.
- **The Sun:** Joyful, bright, and childlike — pure happiness.
- **The World:** Complete, fulfilling, and beautifully whole.

The Awkward & Honest

- **The Fool:** Love life? Oh, I'm just seeing where the adventure takes me!
- **The High Priestess:** Mysterious, intuitive, and not for everyone to know.
- **The Hermit:** Does my journal count?
- **The Hanged Man:** In transition. Waiting. Trying to see things differently.
- **Justice:** Balanced, fair, and sometimes a bit of a courtroom drama.
- **The Moon:** Confusing, dreamy, and maybe not what it seems.

The Dramatic Types

- **The Magician:** I can make sparks fly anytime I want. Watch me.
- **Strength:** Gentle but powerful. I tame beasts and win devotion.
- **Wheel of Fortune:** Up, down, and all around — but never boring.
- **The Tower:** Explosive. Memorable. Not for the faint of heart.
- **Judgement:** Transformative. No second chances — just rebirth.

The Spicy Confessors

- **The Emperor:** Structured, loyal, and firmly under control. At least, that's the plan.
- **The Hierophant:** Steady, traditional, committed. Think Sunday dinners and vows.
- **The Chariot:** It's a race to the finish line — but I *will* win their heart.
- **Temperance:** Harmonious, blended, just the right mix.
- **The Devil:** Let's just say... it's intense.
- **Death:** It's over. But I'm ready for a new beginning.

And there you have it — 22 cards, 22 love lives, and probably at least one that sounds suspiciously like yours.
